- Staff are trained and understand the importance of confidentiality.
- Appointments are available to observe destruction of records.
- Drop-off service is available during the center's normal business hours.
- Pick-up service is available for large quantities.
- Secure bins are available.

Why Recycle?

- Recycling 1 ton of paper saves the equivalent of 17 trees and 7,000 gallons of water.
- 2½ quarts of motor oil can be recovered from 1 gallon of used oil.
- Your aluminum can could be recycled into a new can and put back on the store shelf within 60 days.
- Americans throw away 2.5 million plastic bottles every hour.
- Recycling 1 ton of cardboard saves 46 gallons of oil.
- Manufacturing from recycled materials requires less energy than using raw materials. For example, recycling saves the steel industry enough energy annually to power 18 million homes for 1 year.
- Recycling 1 2-liter bottle saves enough energy to power a laptop computer for over 6 hours.
- Recycling 1 ton of plastic bottles saves the equivalent energy usage of a 2-person household for 1 year.

Recycling is FREE in Pulaski County!
